

PROFESSIONAL SUMMARY

Highly motivated Full Stack Java Developer with 1 year of internship experience. Skilled in Java, Spring Boot, React.js, and MySQL, with hands-on expertise in building scalable applications, designing RESTful APIs, and implementing secure authentication. Strong in problem-solving, debugging, and team collaboration.

EDUCATION

Bachelor of Technology (B. Tech) in Computer Science and Engineering	2021 - 2025
D. Y. Patil Agriculture and Technical University, Talsande, Kolhapur	Cgpa - 7.3
Diploma in Computer Science	2018 - 2020
Sant Gajanan Maharaj College of Engineering, Mahagaon	Percentage -77.09%

SKILLS

Backend: Java, Spring Core, Spring Boot, Hibernate, SQL, MySQL

Frontend: React.js, JavaScript, HTML, CSS, Bootstrap, Tailwind CSS, MUI

Tools & Platforms: Git, GitHub, Docker, Postman, AWS

WORK EXPERIENCE

Survey Infotech Pvt. Ltd.

Aug 2024 – Jul 2025

Intern Software Developer

- Developed and implemented a full-stack web application leveraging Java, Spring Boot, and React.js, ensuring seamless integration between frontend and backend components
- Integrated features such as email automation, bulk uploads, and export functionality.
- Designed and executed JUnit test cases and documented results to validate program functionality.
- Gained hands-on experience with Git/GitHub for version control and Postman for API testing

KGE Technologies Pvt. Ltd.

Apr 2024 – Jul 2024

Intern Java Developer

- Assisted in developing and maintaining Java-based applications using Spring Boot and RESTful APIs.
- Collaborated with backend developers to consume Spring Boot REST APIs.
- Worked with MySQL for database operations including CRUD and query optimization.
- Participated in daily stand-ups, code reviews, and team discussions, improving communication and problem-solving skills.

PROJECT

Saloon Booking | GitHub

Aug 2025

- Built a Salon Appointment Booking System using Microservices Architecture, improving scalability and maintainability by 30% through modular service design.
- Designed a dynamic frontend using React.js, Redux, TailwindCSS, and MUI, delivering seamless booking, payment, and notification features.
- Created salon-owner dashboards to manage services, view appointments, monitor revenue, and efficiently track all bookings.
- Integrated Razorpay Payment Gateway, increasing revenue visibility and operational efficiency by 25%

AI Fitness Advisor | GitHub

Dec 2024

- Enhanced microservices-based Fitness Application using Spring Boot, Spring Cloud Gateway, and Eureka Server, improving system scalability and service discovery efficiency.
- Integrated AI-driven recommendations via the Google Gemini API, delivering personalized activity plans (Running, Cycling, Walking) based on user duration and calorie goals, boosting user engagement by 35%.
- Implemented secure authentication and authorization using Keycloak, achieving 95% accuracy in role-based access control.

PROFESSIONAL CERTIFICATIONS

Full Stack Java Developer: Coding Wallah Sir

Cloud Practitioner: AWS Cloud Quest
